The Greatest Show on Earth... The 2006 Summer NABC

Inside this issue:

2006 Chicago NABC 1

District 13 and the ACBL are bringing you the "Greatest Show on Earth" in the form of the Chicago Summer National Tournament. It will be at the Hyatt Regency Chicago, 151 East Wacker Drive, Chicago, IL, from July 13th to 23rd.

For hotel reservations, please contact Mega World Travel. They are the ACBL travel specialists at <http://www.megahousing.com/acbl/Chicago06/reserve.htm>.

Ms. Information 2

There will be special events for novices and intermediates, as well as the excitement of NABC events for everyone. If you don't play, you can enjoy kibitzing the top players from around the world. You can put names to the faces of those you read about or see practicing online.

Masterpoints and What They Mean to You 3

We can guarantee you a totally awesome experience, one that you will remember forever. The committee has been working for four (yes, four) years to bring you this event. For more information, please take a look at our website at: <http://www.geocities.com/thesubecks@sbcglobal.net/> We have all kinds of information on the great city of Chicago. We have music so be sure your speakers are working. We also have a complete list of the committee members and who to contact if you want to work on one of the committees.

Major Suit Raises 4

Jeff and Ginny Schuett are in charge of volunteers and we need lots of them. Working on the Nationals puts you in the front lines. You get out of it what you put into it. If you only come and play, that's ok, but if you choose to work side by side with all of us, it will even be more special.

Zia Tip from Ask Zia 7

There will be great registration gifts, coupons for area restaurants, section top prizes, deals on parking, candy, fruit and more. The daily excursions that Rachel Chittaro has planned are truly over the top! Angie Clark and Tobey Belmont are working diligently on to provide you with amazing entertainment. Frank Chadwell is working on hospitality.

Tournament Results 8

Carol LaBarge is the person YOU most want to cultivate. She is in charge of the I/N program and she is a dynamite lady. She will have great things planned with YOU in mind.

Your first Nationals is always the best, and we hope it you will spend it with us.

For more information, contact tournament chairmen, Marilyn Charlson or Jackie Addis.

Dear Ms. Information: Why We Pay the Directors the Big Bucks

Dear Ms.,

I was the recent “victim” of a situation where the opponents did not know their system. RHO made a cuebid that could have been Michaels or could have been natural or could have been just a strong hand. When I asked LHO what it was, he was not sure. We were playing unusual vs. unusual where 2♥ would show limit or better in clubs and 2♠ would show limit or better in diamonds. How should I have continued?

I was South and here was my hand:

♠QT ♥A2 ♦AKQ5432 ♣Q2 ...

The auction:

North	East	South	West
1♣	2♣	???	

I was pretty certain from my own hand that 2♣ was not an artificial, strong, forcing bid.

I wanted to show “limit or better” in diamonds. I knew I should bid 2♦ if the cuebid was natural and 2♠ if the cuebid was Michaels. (From my hand either of those options was possible.)

Thanks in advance for your reply.

Signed: From “Me to Cue”

Dear “Me”,

The first thing you should do is summon the director. He will likely take you aside and let you explain your position. He will also give you a chance to tell him your choices of bids.

He may take the opponents away from the table... one at a time, of course, to determine what it is that they are really playing.

His most likely course of action at this point will be to ask West to leave the table and allow East to tell you how he intended the bid. This way both you and your partner will know what YOUR bid means.

You should not need to call the director back after the

hand is over to adjudicate the situation. He should remain at the table to monitor the auction. Obviously, when you make your bid, your partner’s alert or lack of alert will convey information to your opponent as to what his partner’s bid meant. The director will be sure your opponent takes no advantage of that. He may even assess the offending side a procedural penalty for not knowing a meaning of a routine bid!

Either way, calling the director protects everyone at the table and is the best way to come away from there feeling good about it. Ms. Information

WUMBA WINTER BRIDGE SECTIONAL

Masterpoints and What They Mean to You from the ACBL...

MASTERPOINTS

The Bridge Bulletin, October 1998

Masterpoints are a reward for winning or placing at duplicate bridge. Masterpoints, also referred to as points or MPs, come in many sizes and colors.

Black Points:

Black Points are awarded at club and unit games. Also referred to as club masterpoints, 100 club masterpoints are the equivalent of one (1.00) masterpoint.

Silver Points:

Silver Points are awarded at sectional tournaments, progressive sectionals and STaCs (sectional tournament at clubs).

Red Points:

Red Points are awarded at regional tournaments and the three annual NABCs (North American Bridge Championships).

Gold Points:

Gold Points are awarded at Regionals and NABCs for topping a section or placing overall in an event of two or more sessions with an upper masterpoint limit of 750 mps or more.

RANK

As an ACBL member accumulates points, certain milestones - or ranks - will be reached that indicate the member's progress. Each rank requires that the member have a certain number and type of points. See the chart at right.

Additional Life Master designations have been established and are available to players who have achieved Life Master. These include: Bronze LM (500-1000); Silver LM (1000-2500); Gold LM (1500-5000); Diamond LM (5000+); and Grand LM (at least 10,000 MPs with at least one win in a North American championships event that has no maximum masterpoint

restriction).

Rank	MPs	Color Requirements
Rookie	0-4.99	None
Junior Master	5	None
Club Master	20	None
Sectional master	50	5 silver
Regional Master	100	5 red or gold, 15 silver
NABC Master	200	5 gold, 5 red/gold, 25 silver
Life Master	300	25 gold, 25 red/gold, 50 silver

MASTERPOINT CONTESTS

ACBL conducts the annual MINI-MCKENNEY and ACE OF CLUBS contests for players in each rank. The Bridge Bulletin recognizes leaders ACBL-wide. At the unit level, winners in each category receive recognition and special medallions.

The Mini-McKenney tallies all points won within a calendar year while the Ace of Clubs contest is limited to points won in club games within a calendar year.

In addition to the regular ranks, players in other categories - Youth (age 20 and younger), Junior (age 26 and younger), and Senior (age 55 and older) - are recognized.

OTHER MASTERPOINT PLANS

Comparable masterpoint plans are in effect in many other bridge-playing countries, although rankings and requirements differ from country to country. In addition, the World Bridge Federation (WBF) has adopted its own masterpoint plan for the ranking of players of international caliber.

New Year's Resolutions for Newbies

I will not take the cards of other players from the board after play.

I will keep cards in my hand until it is my turn to play.

I will refrain from offering unsolicited advice.

Forcing Major Suit Raises by Jim O'Neil

When partner opens with 1 of a major, what is the best way to show a hand with game-going values and good trump support?

Using Standard American bidding methods, there is no convenient way for Responder to show a hand with game values and trump support. A simple raise (e.g., 1S - 2S) shows about 6 to a bad 10; a jump raise (1S - 3S) shows a good 10 to about 12. A double-jump raise (1S - 4S) is best used to show a weaker, distributional raise. (Those pairs who still prefer to play the jump raise as forcing will have an equally awkward problem with limit raise hands).

With Standard methods, the way to show game-going hands with trump support is to bid a new suit first, then jump in Opener's suit. This is usually adequate, but there are a few drawbacks:

Should the auction become competitive, partner will act not knowing that we have good trump support.

Partner will not know how good our trump support is. Partner may be wary of moving toward slam with weak trumps.

There is less room for slam investigation. By bidding a new suit, then jumping, we may already be at the 4-level.

Consider this hand:

♠ - AQ43 ♥ - K43 ♦ - A975 ♣ - 43

Partner opens 1♠. We respond 2♦. The next hand bids 3♣, and partner doubles.

We may feel obligated to pull partner's double, as we have good trump support. If partner has something like:

♠ - KJ652 ♥ - QJ6 ♦ - 4 ♣ - KQJ2

3♣ will be defeated several tricks, while 4♠ may go down (Club Ace, Club ruff, Heart Ace, Club ruff). But if we pass partner's double, we might find partner with:

♠ - KJ652 ♥ - AQ72 ♦ - 8 ♣ - AQT

We will probably beat 3♣ about 3 tricks, while 6♠ is cold, and 7 is on a finesse.

We might hold a hand such as:

♠ - Q7642 ♥ - AK ♦ - A3 ♣ - KQ73

We open 1♠, and partner responds 2♦. We bid 3♣, and partner jumps to 4♠. Slam is certainly possible. But it may be too dangerous to investigate.

Opposite a near minimum like:

♠ - AK83 ♥ - 75 ♦ - K654 ♣ - A65

A Grand Slam is almost cold. But if partner's trumps are not very good:

♠ - 9853 ♥ - QJ3 ♦ - KQJ5 ♣ - A5

We may be down even at the 5 level. And there is no room to investigate.

The Jacoby 2NT Convention

One popular convention designed to handle these types of hands is the "Jacoby 2NT" convention, invented by Oswald Jacoby, who also devised "Jacoby Transfers". This convention is quite simple: After an opening bid of 1♥ or 1♠, a jump to 2NT shows:

- 1) Enough strength to force to game (good 12+ points)
- 2) Support for partner's suit (4 or more cards)

The 2NT response forces to at least game, and asks Opener to further describe his hand.

Note that the Jacoby 2NT convention is used only if responder is not a passed hand, and only if the opponents have not entered the auction. By a passed hand, or in competition, a jump to 2NT is natural, showing a balanced hand of 11-12 points.

The Jacoby 2NT allows responder to show strength and support with one bid. It can allow for more accuracy should the auction become competitive. More importantly, it improves the accuracy of slam bidding, since much information can be exchanged at lower levels.

As with any convention, we give up something to get something. We give up the ability to bid a natural 2NT. This is not a great sacrifice; Responder can generally bid 2NT at his second turn. In the meantime, there is a chance to find a fit in a suit.

Opener's rebids

After a response of 2NT, it is Opener's duty to describe his hand. Opener rebids as follows:

- 3 of a new suit singleton or void in the suit bid
- 4 of a new suit a second good 5-card suit (usually promises two of the top three honors)
- 4 of the agreed trump suit Minimum values, no singleton or void

With more than minimum values, but no singleton or void, Opener has two options. Opener can rebid 3 of

(Continued on page 5)

the agreed trump suit, or 3NT. There are many ways to play these two bids. Perhaps the best way to play them:

3NT about 15-18 pts, balanced or semi-balanced, typically 5-3-3-2 or 5-4-2-2 distribution

3 of the trump suit about 15-18 pts w/extra trump length, or 19+ pts.

After Opener's rebid, Responder can now can decide how best to proceed. With no slam interest, he can simply jump to game. If he wants to explore further, he can use Blackwood to ask for Aces, or start cuebidding.

Some examples of the Jacoby 2NT convention in action:

1) (Responder) ♠ – KQ65 ♥ – K52 ♦ – T842 ♣ – A3
(Opener) ♠ – AJ973 ♥ – AQ3 ♦ – 7 ♣ – K874

Opener Responder
1 ♠ 2NT (Jacoby)

3 ♦ (shortness)

Knowing that all his high cards are working, Responder can make a move toward slam. A possible continuation:

4 ♣ (cue-bid)

4 ♥ (cue-bid) 4NT (Blackwood)

5 ♥ (2 Aces) 6 ♠

pass

And a good Slam is reached with only 26 high-card points.

2) (Responder) ♠ – KQ65 ♥ – K52 ♦ – T842 ♣ – A3
(Opener) ♠ – AJ973 ♥ – 7 ♦ – AQ3 ♣ – K874

Opener Responder
1 ♠ 2NT (Jacoby)

3 ♥ (shortness) 4 ♠

pass

Knowing that his Heart King is not working, Responder has no slam interest unless Opener is very strong. With a minimum, Opener is glad to pass.

3) (Responder) ♠ – AJ94 ♥ – A76 ♦ – D – KJ7 ♣ – 743
(Opener) ♠ – KQ532 ♥ – K3 ♦ – AQ875 ♣ – 2

Opener Responder
1 ♠ 2NT (Jacoby)

4 ♦ (good suit) 4 ♥ (cuebid)

4NT (Blackwood) 5 ♥ (2 Aces)

6 ♠ pass

With good fitting cards in both partner's suits, Responder is willing to move toward slam.

Splinter Bids

Consider this hand: ♠ QT973 ♥ T86 ♦ K7 ♣ KQ4
Partner opens 1♦. We respond 1♠. Partner now raises to 4♠. Do we move toward slam or not? If we pass, we might find partner with:

♠ – AKJ5 ♥ – 3 ♦ – AJ42 ♣ – A753

6♠ is practically cold. If we try for slam, partner might have:

♠ – AKJ5 ♥ – A753 ♦ – AJ42 ♣ – 3

We may be down even if we can stop at the 5 level.

It would be nice if partner could have bid "4♠ with a singleton club", or "4♠ with a singleton heart". Of course, that is not allowed, but there is another way that is just as good. A very popular convention known as "Splinter Bids" allows either Opener or Responder to show game-forcing values with a good fit, and shortness (a singleton or void) in a side suit.

There are a number of ways to play splinter bids. The simplest and perhaps most common:

At responder's first or second bid, or at Opener's second bid, a double-jump in a previously unbid suit after a bid of 1♥ or 1♠ is a **Splinter**, showing:

1) Enough strength to go to game

For Responder, this means at least a good 12 or more points; at least 9-10 of these should be high-card points. For Opener, this means at least 19 points, at least 16-17 should be in high cards.

2) 4 card or better support for partner and

3) A singleton or void in the suit bid.

These are splinter bids:

1) A double-jump shift by Responder after an opening bid of 1♥ or 1♠.

1♥ – 3♠ or 4♣ or 4♦ 1♠ – 4♣ or 4♦ or 4♥

2) A double-jump shift by Opener after a response of 1♥ or 1♠.

1♣ – 1♥; 3♠ or 4♦ 1♣ – 1♠; 4♦ or 4♥

1♦ – 1♥; 3♠ or 4♣ 1♦ – 1♠; 4♣ or 4♥

1♥ – 1♠; 4♣ or 4♦

3) A double-jump shift rebid by Responder after a rebid of 1♥ or 1♠.

1♣ – 1♦; 1♥ – 3♠ 1♣ – 1♦; 1♠ – 4♥

1♣ – 1♥; 1♠ – 4♦

We do not give up much to play splinter bids; a double-jump in a new suit is not all that useful as a

(Continued on page 6)

natural bid.

There are other instances in which splinter bids can be played: After a Opening 1 ♣ or 1 ♦ opening bid, after a response of a minor, or 2 of a major, etc. But Splinter bids are most useful after an opening, response or rebid of 1 ♥ or 1 ♠.

It is clear that splinter bids can improve slam accuracy. Consider the example hands:

3) (Responder) ♠ – QT973 ♥ – T86 ♦ – K7 ♣ – KQ4
(Opener) ♠ – AKJ5 ♥ – 3 ♦ – AJ42 ♣ – A753

<u>Opener</u>	<u>Responder</u>
1 ♦	1 ♠
4 ♥ (Splinter)	4NT (Blackwood)
5 ♠ (3 Aces)	6 ♠
pass	

Responder knows that all his cards are working; Slam is definitely possible.

4) (Responder) ♠ – QT973 ♥ – T86 ♦ – K7 ♣ – KQ4
(Opener) ♠ – AKJ5 ♥ – A753 ♦ – AJ42 ♣ – 3

<u>Opener</u>	<u>Responder</u>
1 ♦	1 ♠
4 ♣ (Splinter)	4 ♠
pass	

Responder's Club honors are wasted; there is little chance for slam. Even the 5 level may be too high.

The Double-Jump Raise

With a very distributional hand, Responder can jump directly to game in Opener's major. To jump to 4 ♥ over a 1 ♥ opening, or 4 ♠ over a 1 ♠ opening, Responder should have:

- 1) at least 5 card trump support
- 2) a hand worth about 10-12 points; at least half of these should be distributional points

This is a typical 4 ♠ response to a 1 ♠ opening bid:

♠ – K9763 ♥ – 6 ♦ – 732 C – ♣K 643

Even if 4 ♠ does not make, it is likely a good save over 4 ♥ by the opponents.

Partner opens 1 ♠. What do you respond?

- 1) ♠ – Q654 ♥ – 73 ♦ – AK72 ♣ – 742
- 2) ♠ – Q654 ♥ – A3 ♦ – AK72 ♣ – 742
- 3) ♠ – Q6 ♥ – Q73 ♦ – A9732 ♣ – K74
- 4) ♠ – Q6542 ♥ – 3 ♦ – AK72 ♣ – Q42

5) ♠ – Q96542 ♥ – 3 ♦ – K972 ♣ – 74

You open 1 ♠, and partner responds 2NT. Rebid?

- 6) ♠ – KQ843 ♥ – 863 ♦ – AK94 ♣ – 8
- 7) ♠ – KQ843 ♥ – 86 ♦ – A94 ♣ – K83
- 8) ♠ – KQ843 ♥ – A6 ♦ – K94 ♣ – QJ3
- 9) ♠ – KQ843 ♥ – 86 ♦ – AK943 ♣ – 3
- 10) ♠ – KQ8432 ♥ – A6 ♦ – K4 ♣ – QJ3

You open 1 ♠, and partner responds 4 ♣ (Splinter). What do you rebid?

- 11) ♠ – KQ843 ♥ – KJ6 ♦ – A4 ♣ – 983
- 12) ♠ – KQ843 ♥ – 983 ♦ – A4 ♣ – KJ6

Answers to Forcing Major-suit raises, hands 1-12:

1. 3 ♠. This hand is worth about 10 pts, not quite enough for a forcing raise.

2. 2NT (Jacoby). This hand qualifies for a forcing raise. Bidding 2NT now is better than starting with 2 ♦, then raising Spades.

3. 2 ♦. We may bid 2NT next. A Spade contract is still a possibility (partner may have 6); we may also want to play in Hearts (if partner is 5-5) or even Diamonds or Clubs.

4. 4 ♥ (Splinter). Informing partner of our singleton may help partner make a move toward slam.

5. 4 ♠. This hand is worth about 11-12 points, of which 6-7 are distributional. An ideal double-jump raise.

6. 3 ♣. A new suit at the 3-level shows a singleton or void in the suit bid.

7. 4 ♠. This shows a minimum (no more than 14 pts), with no singleton or void.

8. 3NT. This shows extras (15-18 or so) with a relatively balanced hand.

9. 4 ♦. The second good 5-card suit may be more important to partner than the singleton Club.

10. 3 ♠. This shows extras (15-18 or so with extra trump length, or any 19+), and no singleton or void.

11. 4 ♦ (cue-bid). With no wasted values, slam is possible. Partner may be able to cooperate.

12. 4 ♠. With wasted club values, we should sign off in game.

Zia Tip from Ask Zia

Should I ever underlead an ace?

Zia: Yes when it is the right thing to do!

The trouble is that underleading an ace is not often the right thing to do, and when it is wrong, it looks spectacularly foolish. You need a lot of courage, and you need to use a lot of skill in analyzing the bidding to determine that desperate measures are required. And above all, you need a sympathetic partner!

Against no-trump contracts, the underlead of an ace is common. You are trying, after all, to establish your long suit before declarer can get enough tricks for his contract. You are not particularly concerned that declarer will win an early trick in the suit with the king or the queen; you will still get your ace later and it may be vital to preserve the ace as an entry to your winners.

Underleading an ace against a suit contract might present declarer with a trick to which he is not entitled ... or you may allow him to avoid a loser in the suit you lead. Imagine underleading an ace and seeing dummy win with the singleton king!

All of the books and most of your partners will tell you to avoid underleading an ace at all costs. In most cases this is really sound advice.

There are times when you have to go against the rules, however, if you are going to succeed. Here are two situations where that is true and it is likely to be correct to underlead an ace:

First, when you want to make declarer misguess at an early stage in the play. *(Editor's note: As in the situation where dummy Blackwooded so you are pretty sure he has the second round control of the suit... and maybe even KJx)*

And second, to put your partner on lead quickly to give you a ruff in some other suit. Partner will be naturally suspicious when his king wins trick one and he will know that something is amiss. He will try his best to figure out what you want and do it for you.
